

Doxa Serial Numbers

Doxa Serial Numbers

Ive found a couple of pictures of the caseback of two other 'non-t' 300s Neither of them had a serial number or anything other than the Doxa vessel, but I dont know if it should be a serial number there or not.

The case appears to be stainless and the bezel is scratched but not cracked All hands on the watch function to include the second hand.. It has thick bevelled angular lugs that are sharply downturned. The band appears to be a replacement from Hong Kong Doxa's records were destroyed in a flood (or was it a fire?!) so your chances are slim.. This is one year before the official introduction of the US Diver's Doxa in 1967.. If you look a little harder, maybe you will find one with a stainless steel case with a black dial.
